How to Use This Index

This index to Volume 22 serves as a guide to articles appearing in the *IMF Survey* during 1993. For each article, the heading, date, and initial page number are listed under all appropriate subject headings. Page numbers with "t" indicate tables. Authors of *IMF Survey* articles are indicated by a ☆.

In 1993 the *IMF Survey* featured special issues; these were dated May 17 (Spring Meetings), October 1993 (*Supplement on the Fund*), and October 11 (Annual Meetings).

Page numbers in the *Supplement on the Fund* are indicated in the index by S- in front of them.

The index includes supplementary listings of IMF publications reviewed (see page 394) and of speeches of the Managing Director (see page 388), reported in the *IMF Survey* during the year. These entries are also listed by topic.

Each year's annual index is included in bound volumes of the *IMF Survey* available from the IMF. Volume 22 will be available for $84.00 from Publication Services, International Monetary Fund, Washington, D.C. 20431, U.S.A.
